

Which car lamp do you need?

Vision

30%
more light

With **30% more light** compared to a standard lamp, Vision is the entry point of the Philips range. The quality level of the Vision lamps ensures excellent light beam performance for a very competitive price.

- 30% more light
- Value for money
- Original Equipment Quality
- Homologated 3 200 K

CrystalVision

Bright
white light

Offering a **bright white light**, close to **daylight (4 300 K)**, CrystalVision produces more light than a standard headlamp and is ideal for **all-purpose driving**, especially for drivers seeking **crystal-clear vision** at night. Featuring the same power consumption as standard halogen lamps with no wiring relays needed.

- Bright white light 4 300 K
- Bluish effect in the headlight
- High-quality quartz glass
- Non-ECE homologated, for off-road only

DiamondVision

Ultimate
white light

Philips DiamondVision produces a dazzling **white light at 5 000 K**, offering more light output than standard headlamps, its **styling effect** is ideal for city driving. **Featuring 10% greater beam performance**, this blue-coated, high-quality quartz-glass lamp has the same power consumption as a standard halogen lamp.

- Ultimate white light 5 000 K

X-tremeVision

130%
brighter light

NEW EXTRA LIGHT BRIGHTNESS

Philips X-tremeVision car lamps are the **brightest** you can buy. They outshine all other car lamps with **up to 130% more brightness** and a **superior beam** length of up to 45 meters longer so that you can **see farther, react faster and drive safer**.

- Maximum light, maximum performance
- Up to 45-meter longer beam
- Increased brightness
- Best-in-class lifetime
